Employment History

iOS Developer (2015 - Present) @ [DOWN](#) — McAllen, TX

Worked as iOS Developer reporting directly with CEO. Responsible for reviewing and resolving crashes and improving overall user experience.

Remote iOS Developer (2011 - 2015) @ [Bnei Baruch USA](#) — McAllen, TX

Working as lead iOS engineer on [KabbalahApp](#), [Torah Portion](#), [JTimes](#), [Jewish Holidays](#) and [Kabbalah Quiz](#).

Independent iOS Developer(2011–2015) @ [Independent](#) — McAllen, TX

Worked as a iOS engineer with focus on writing iOS clients. Some of the projects include: Y55Happy and Hippo.

Co-Founder (2005–2011) @ [VisualNoise](#) — Monterrey, Mexico

Started graphic and web design studio. Some work featured on DesignWeek Monterrey. Led and managed a team of Graphic Designers and Web Developers on integrated campaigns, promotional ads, branding and web design projects.

Experience

Products

Designed and developed [KabbalahApp](#), [Torah Portion](#), [JTimes](#), [Jewish Holidays](#), [Kabbalah Quiz](#) for Bnei Baruch USA.

I also worked with web developer and designer to create [Y55Happy](#), an iOS client for Y55 startup and creating a happiness training app. Working on [Hippo](#), an iOS client that rewards you for your day to day activities and defines a new way of how you reach your goals and suggest options when you don't.

Programming

I have been developing iOS apps since 2011. I am a self-taught developer with a firm belief in open source and collaboration. I have over 20 open source projects on Github. I have experience in UIKit, MapKit, CoreData, Core Libraries, Blocks and GCD.

Education

Mobile Makers Academy - Mar 2015 - May 2015

iOS Development Bootcamp

- 8 week full-time immersive bootcamp
- Completed more than 500 hours of study
- Developed over 20 small apps.
- Obtained Level 2 Certificate with Distinction in Mentoring.

Universidad Regiomontana - Jan 2000 - June 2004

Bachelors of Science

Major: Information & Technology Services
