## Employment History

**iOS Developer, IT Consultant (2011–Present) @ Independent — McAllen, TX**  
Lead engineering on [KabbalahApp](#), [Torah Portion](#), [JTimes](#), [Jewish Holidays](#) and [Kabbalah Quiz](#) mobile and web products.

Part of software team developing and maintaining all Bnei Baruch websites around the world. The project was a large scale platform employing tools in several technologies as PHP/XML, HTML, CSS, Python, Ruby on Rails, Objective-C.

**Creative Director (2005–2011) @ VisualNoise — Monterrey, Mexico**

Led and managed a team of Graphic Designers and Web Developers on integrated campaigns, promotional ads, branding and web design projects.

Developed a strong understanding of production needs, parameters for print production and small scale web development.

**First Notice Of Loss Supervisor II (2007 - present) @ Infinity — McAllen, TX**

Responsible for supervising two teams of twelve fast track adjusters & two supervisors handling minor property damage losses as well as supervising four senior adjusters which handle medium severity property damage losses.

Responsibilities also include completing daily/weekly/monthly closing ratio reports, reviewing subrogation demands and developing staff in reading and understanding estimates.

**Multi-Line Field Adjuster (2007 - 2011) @ Infinity — Houston, TX**

Responsible for investigating and handling all aspects of personal auto claims, including property damage and evaluating bodily injuries, as well as investigating theft and fire losses.

Investigation of claims completed through fieldwork, which involved in-person meetings with all parties and inspection of all vehicles involved.

## Experience

### Products

Designed and developed [KabbalahApp](#), an iOS application for Bnei Baruch's center.  
Designed and developed [Torah Portion](#), an iOS application for the weekly Torah Portion.  
Designed and developed [JTimes](#), an iOS application for the Jewish Times Episodes.  
Designed and developed [Jewish Holidays](#), an iOS application for Bnei Baruch's representation on Jewish Holidays.

### Programming

Started working with iOS in 2011. My previous experience has been with HTML, CSS and some JavaScript. Contributed to several Objective-C open source libraries.
